

SERVICES

BOARDING

Almost all owners must board their pets at some time – overnight, several days and nights, even for day care. This needn't be stressful time for either pet or owner. Rest assured your pet will be safe and extremely well cared for – by choosing European Veterinary Clinic for your next boarding needs.

- We have a strict boarding procedure to prevent spreading of diseases while boarding. All pets must be vaccinated and freed of parasites.
- We provide your pets the opportunity to play and exercise, compatible cats may play with each other twice a day. Dogs are walked outside three times a day.
- We provide your pet with good quality food, if your pet needs a specific diet you will provide, it will result in a discount on boarding fee. Any specific needs will be taken into account.
- If anything happens during boarding we will provide the appropriate treatments against normal rates, the owner or his contact will be informed.
- Before release, your pet will be given a complimentary check-up. On your request we can give it a wash against normal rate.
